

Sr. No.	Aim	Page No.	Date	Remarks	Sign
1.	Experiments on Simulation Tools: (CISCO PACKET TRACER).				
2.	Experiments of Packet capture tool: Wireshark.				
3.	To study behavior of generic devices used for networking: (CISCO PACKET TRACER).				
4.	Data Link Layer (Error Correction).				
5.	Virtual LAN				
6.	Wireless LAN				
7.	Inter networking with routers: i. Experiment on same subnet ii. Perform Experiment across the subnet and observe functioning of Router via selecting suitable pair of Source and destination.				
8.	Implementation of SUBNETTING.				
9.	Routing at Network Layer.				
10.	Experiment on Transport Layer.
